April 2024 Storm

The RSC President, Norm Pinard, went to check on the club property condition after the last storm had ended. He found that Fred Plante had only plowed a short distance from Rte 102 and left due to a downed tree.

Norm decided to go pick Bill Lane up, with his chainsaw, so they can open up the road. When they arrived at the sight, Fire Chief Paul Hammond was there starting to cut up the tree.

Bill walked up to the club to get the club tractor, to clean up the area. The Fire Chief decided that Norm and Bill had everything under control and had left the scene. Bill and Norm proceeded up the road and found another tree down across the road, laying on a section of the SBC fence, just before the range locked gate. Bill cut that tree up as Norm moved the brush off the road and then he cleared the road with the tractor again.

As they went further up the road, there was a third tree leaning across the road. Once again, Bill cut and cleared the road as Norm stood back to supervise and watched him do the work....hahaha.
