Charlie Shorten

On September 6th, the Running Deer Shoot experienced intermittent rain throughout the day. A shoot-off was necessary to determine the second and third place winners, with Bruce Winchell ultimately outperforming Charlie Shorten to secure second place. Appreciation is extended to all who assisted with the setup and dismantling of the equipment. We look forward to seeing everyone at the upcoming Muzzle Loader Shoot set for October 4th.

Attention All Shooting Range Users

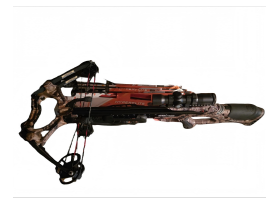

The club Range Chairperson has identified that an individual or individuals have been using a .50 caliber firearm on the rifle range, which has led to damage to the 25-yard target beam and the dislodging of its bracket. It has been confirmed that this target was hit at least seven times with this weapon. Such actions compromise the integrity of shooting sports and damage club property, constituting a violation of the organization's bylaws. Members who have any information about the responsible party are encouraged to report it to any of the ten club officers.

Special Notice to All Gun Range Users

During a visit to the shooting range to calibrate his new firearm, Norm Pinard discovered a collection of more than 25 shotgun shells scattered across the ground. For over five years, club members have committed to adhering to the bylaws, range regulations, and policies by signing a statement upon completing their club applications. According to the rules governing the RSC pistol and rifle range, it is mandated that all spent casings, unused ammunition, and any debris must be gathered and properly disposed of in the designated containers.

RSC Private Chartered Deep Sea Fishing Trip

This year's fishing expedition proved to be highly successful, showcasing the skills of numerous participants. A total of 28 anglers engaged in the charter, all of whom seemed to thoroughly enjoy the outing. A memorable moment occurred when Bill Lane was in the process of reeling in what appeared to be a substantial catch, only to have a large shark intervene, resulting in him being left with just the fish's head. Additionally, many participants contributed to a fishing pool aimed at rewarding the individual who caught the largest fish. The winner of this pool, amounting to \$135, is depicted in a photograph, eyes closed, proudly displaying a fish nearly as large as himself.
